

**Ir. Widiyanto, MSc**

Brawijaya University, Malang,  
East Java

Indonesia

## **Biography**

Mr. Widiyanto is Lecturer and Head of Soil Physics Laboratory in the Faculty of Agriculture at Brawijaya University, Malang. He was graduated from Faculty of Agriculture in Brawijaya University and Agriculture University in Wageningen, The Netherland as a soil scientist.

He works in the field of soil physics and is very concerned with environmental management, especially related to soil and water conservation. He did some research on the management of soil degradation due to erosion and soil compaction, and also assisted community groups to land and water management. He is a member of the board of the Indonesian Network Agroforestry Education (INAFE).
